◆ **Pray for our Mission Teams.**

Many times when I watch the news I get frustrated at our world and the "sin that so easily besets us". If God were not in control I would be anxious about "wars and rumors of wars"! But God is in control and I am challenged to be faithful in an unfaithful world. When I look at the great things that all of you are doing through Touch the World, I am encouraged that there are many good people that care about the things of the Lord. Recently many of us had children that started back to school. What a privilege to live in a country that does not charge us for public education. This is not the case in Kenya, West Africa. We have a couple of Champion Homes that have many orphans who desired to attend High School, however due to the lack the school fees they were unable to attend. I want to express my deepest appreciation to those of you that gave so that these young people could attend school. We just never know what these young men and women will grow up to become. They may become doctors, nurses, engineers, construction workers, and common laborers that the Lord has called them to be! The best part is that they will take the good news about a Savior into all of these work places!

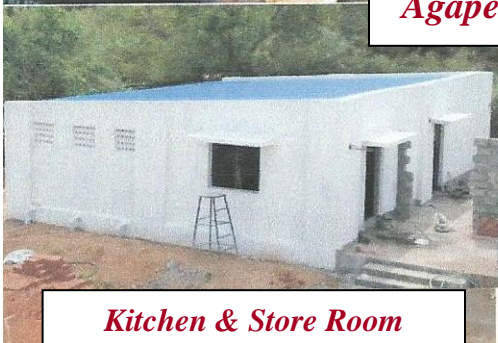

Please be in prayer for Agape Children's Home in India. They are in need for funding of the completion of their kitchen and dining hall for the children at

the orphanage. Please pray that God will supply the need. We are so very thankful for all the generous gifts that you good people have given. I want you to know that without the Lord using you wonderful people we would not be able to do the things we do! There are people every week that are receiving Christ as their personal Savior because of your generosity. May the Lord bless you as we serve Him together!

For His Glory,
Homer
