

November, 2015 Newsletter

Volume 14, Issue 5

It's hard to believe we are headed into the holiday season. So many great things are taking place. This month we met with **Pastor John Moses of Bethany Children's Home**. Pastor Moses is one of our partners in India and he was visiting the States this month. Our Project Director, David Cooper, and I sat down with him in Greensboro, NC. We have partnered with Pastor Moses in building a Champions Home in India that houses 150 children and we now have a second Champions home under construction which will house another 150 children. Both these homes need sponsors for the children. **For \$2,500 a month you can take care of the needs of 150 precious children!** Pastor Moses has a heart to build a school that will educate 2,000 underprivileged children in India. We were able to talk logistics, look at the blue prints and ask many questions about this project. I am so excited about the possibilities of this school. The children of India so desperately need to have an opportunity to learn academically but also to learn about the ways of Christ. This will be a Christian school that will teach them about a Savior that gave Himself for them! Please join us in praying for the huge undertaking. May the Lord be exalted in India! We have also begun building a new Champions Home in partnership with **Echoes of Mercy in Kamuya Village, Kenya**. This is just another step

in God's great plan of taking care of children at Echoes of Mercy. Please pray that all goes well as we begin this project.

Christmas Joy Project

All of our boxes were delivered to Mississippi last month and are now on their way to El Salvador. They should arrive to the Kendricks for distribution in the next couple of weeks. Thank you to everyone who participated in this great project!

This month we will celebrate Thanksgiving. I am so thankful for each and every one of you and your part you play in this ministry. We have seen the Lord do so many great things through His people. May the Lord bless you for your kindness and prayers! The best way I can say it is THANK YOU!

In His Service,
Homer

"Therefore pray the Lord of the harvest to send out laborers into his harvest."

Matthew 9:38
