February, 2016 Newsletter

Volume 15, Issue 2

Sometimes the Lord overwhelms me with the great things He has allowed us to be part of! I have a heart, as many of you do, for the children of the world. My heart has broken as I have first hand seen the poor and starving children around this huge globe. James, in his book tells us that pure religion that is before God is helping the widows and orphans in their distress and keeping ourselves from being polluted by the world. When we think of all the great things that are done in the name of Christ, He says the purest thing we can do to worship Him, is to help the helpless. I can't help but smile as I think of the many Champion Homes that the Lord has allowed us to construct. I can see the faces of the smiling children that have been taken care of in the name of Jesus. Although you may not have seen the children first hand, you are involved with helping them also. We are a team at Touch the World, and you are a part of that team. We function together to reach out to a world that needs help. We don't reach out just because there are needs. If we are needs driven, we all miss the point. We are obedience driven. At the core of every project, every child, every adult we see their greatest need, and that is the need of a Savior. We do it all in the name of Jesus and for His glory! The gospel is the thing that will change the world. Thank you for being a part of sharing the gospel along side of us. Heaven only knows the treasures you have stored there. I want you to know that I love you and most of all Jesus loves you. Let's continue on until He returns or takes us home!

Serving Him together,
Homer

Child Sponsorship Program

Touching the World...One Child at a Time

Andrew is one of the one hundred orphans residing at River Jordan Champions Home in Kenya. Most of the children living at River Jordan have been orphaned because their parents have died of AIDS. Pastor Patrick Wamalwa, the director of River Jordan writes regarding Andrew:

I got Andrew while he was living with his grandmother. He was living a very miserable life. He had swollen legs, and was suffering from stomach pains (full of tape worms). He could not speak properly due to lack of food. He was very weak. He was fainting from time to time, day after day. Through Touch the World Ministries support and Care Andrew is healthy and happy. He is healed from stomach and swollen legs, and he has no more fainting. He is getting his basic needs met and he is now joyful.

There are hundreds of children like Andrew that desperately need your sponsorship. For only \$25 per month you can make a difference in the life of a precious child.

**To those of you that sponsor a child through Touch the World Ministries,
Thank you so much for making a difference in a child's life!**

"Therefore pray the Lord of the harvest to send out laborers into his harvest."

Matthew 9:38
