Have a Blessed 2019

December, 2018 Newsletter

Volume 17, Issue 4

It is hard to believe that this is our last newsletter of 2018. This is without a doubt the fastest year of my life. So many great things were accomplished this year. I am excited at the possibilities of this brand new year. Moses Omondi visited with us last month. Moses is the Director of Echoes of Mercy in Kenya. We are so blessed to be in partnership with this dear brother. The Lord has blessed EOM with tremendous growth. While he was here we were able to confirm them receiving a solar pump to go with the new well that was dug on the compound. We are thankful to Samaritan's Purse for making this happen. God is so good to continue making a difference in this village! We are also so blessed and thankful that another donor has contributed to dig another well in India.

I want to say thank you to each and every one of you that have prayed and have given and labored with us this year. None of the many things that have happened could have taken place without your partnership. May we labor together this New Year to make a difference for the kingdom of Christ. Every soul that gives their heart to Christ, every child that is fed, every widow that is taken care of, every student that is helped with education and so much more; you have been there with us! I am so grateful most of all to our Lord and Savior! We just celebrated His birth and we will soon celebrate His sacrifice. It is because of Him that we do what we do! We are driven to labor because He has given us His salvation. May He be glorified in all of our lives as we begin and continue in 2019! May He bless you and keep you and make His face shine upon you!

Serving Him Together,  
Homer

## *Child Sponsorship Program*

*Touching the World...One Child at a Time*

Jepter is one of the many children that is a part of the Echoes of Mercy Program that reaches out to impoverished and orphaned children. Touch the World partners with Echoes of Mercy to help care for these children. Moses Omondi is the founder and director of Echoes of Mercy.

Jepter is the first born in a family of four. Jepter's father suffers from diabetes, and because of poverty he could not get medical care and now he is paralyzed. Jepter's mother works as a manual laborer on farms for a Dollar a day. This is all of the income that the family has. She cannot afford to get medical care for her husband or take their children to school or even feed them. They are languishing in poverty and suffering.

**There are hundreds of children like Jepter that desperately need your sponsorship. For only \$25 per month you can make a difference in the life of a precious child.**

*"Therefore pray the Lord of the harvest to send out laborers into his harvest."*

*Matthew 9:38*
