Volume 19, Issue 3

In the early 1800s there was a dam that was constructed on the Kennebec River in the state of Maine. There was a small town upstream from the dam that would be covered with the back water from the dam. The residents were given ample notification and instructed to relocate. An amazing thing began to happen in the town. Soon the yards began to be over grown, no shrubs were planted nor trimmed. Shutters on houses were falling. The town just got shabbier and shabbier. It was obviously uncared for and looked abandoned even before the residents moved. One of the citizens explained: "Where there is no faith in the future, there is no power in the present."

In times like these it could be easy to lose faith in the future. But for children of God that is not an option. Proverbs 24: 16 says, "No matter how often an honest man falls, he always gets up again" (TEV). In many of the struggles we have in life, it may seem that we lose the battle. However, here is a lesson we must take away from the battle field: After the battle, there is always a new beginning. God works in those ways. With Him there is never an end but an opportunity for new beginnings. I'm excited to see what He has in store for Touch The World Ministries on the other side of Covid-19.

Thank you for your continued prayers and financial support.

Until He comes and takes us home, we continue to serve in His name.

Homer and the Board of Directors

Child Sponsorship Program

Touching the World...One Child at a Time

Anne is one of the many children that is a part of the Echoes of Mercy Program that reaches out to impoverished and orphaned children. Touch the World partners with Echoes of Mercy to help care for these children. Moses Omondi is the founder and director of Echoes of Mercy.

Anne is the first born in a family of two. Her father is a casual laborer and her mother does not work. Her father is an alcoholic and spends all his earnings on the local brew. He does not have concern for his family. Her mother tries to sell some vegetables at the market to take care of the family, but she does not earn enough to provide for all their basic needs.

There are hundreds of children like Anne that desperately need your sponsorship. For only \$25 per month you can make a difference in the life of a precious child.

**To those of you that sponsor a child through Touch the World Ministries,
Thank you so much for making a difference in a child's life!**

"Therefore pray the Lord of the harvest to send out laborers into his harvest."

Matthew 9:38
