October, 2020 Newsletter

Volume 19, Issue 4

Greetings dear friends and supporters of TTWM. Oh my, has 2020 been a year we will never forget? I just saw in the news that COVID cases are now spiking again in 20 states. We follow the CDC guidelines and the numbers start to drop, then we get careless and they back up they go. Needless to say, we must keep doing what brings them down until we get a vaccine. This is not only a problem here in the States but overseas as well. All of our homes in all the countries we serve are dealing with the same things we are here. The only problem is, their resources are so very much less than ours.

The picture below is of a precious little family that is at the grave side of their grandmother. Their parents are already deceased and this grandmother was their last surviving grandparent. They have no home and no one to take care of them. Echoes of Mercy in Kenya gladly took them in. These children join over 40 more children

that have no home except Echoes of Mercy. The only problem is, EOM has no more room. NONE! We must build a home for these children. The cost is approx \$65,000.00 to build a home that will accommodate 50 to 60 children.

We currently have approximately \$15,000.00. That leaves us needing \$40,000.00. Please pray for the funds or commitments for them so we can begin construction. To say this need is pressing is an understatement. I realize these are difficult days we live in, but the days are far more difficult for these children in Kenya. God has been faithful through the years and I know this need will be met as well. Thank you for all the prayers and support over the years and thank you for your continued prayers and support in the future.

Until He comes we continue.

Homer

*“Therefore pray the Lord of the harvest to send out laborers into his harvest.”*

*Matthew 9:38*
