"The fields are white unto Harvest"

John 4:35

The privilege of being able for twenty-three years to minister to orphans, pastors, and missionaries in over 15 foreign countries is a privilege I do not take lightly. Further, I realize it has only been possible because of the faithfulness of folks like you and me. From the very first month of TTWM's establishment Barbara and I have made financial contributions to the work of the Lord through TTWM. In several of these past twenty-three years our contributions to TTWM have exceeded our contributions to our local church. All our tithes plus have always gone to our local church; not to Touch the World or any other mission organization. That is how much I believe in the work God has assigned us to do. The exciting thing to me is that some of you guys have been right there with us from the very beginning. The milestones and accomplishments that have been achieved would fill a large library or massive hard drive.

There are too many great stories and events to even begin to detail here. Only when we arrive home will we be able to see what God has accomplished through your faithfulness.

The work is great that is still to be done. The need is equally great. We now as always depend on God to supply the need for what He wants us to do. Honesty, integrity and transparency is now and has always been the principles and practices that have guided TTWM.

I thank you from the bottom of my heart.

Again, as always, we continue until He comes or calls us home.

Homer

Child Sponsorship Program

Touching the World...One Child at a Time

Faith is one of the many children that are a part of the Echoes of Mercy Program that reaches out to impoverished and orphaned children. Touch the World partners with Echoes of Mercy to help care for these children. Moses Omondi is the founder and director of Echoes of Mercy.

Faith is the third born in a family of five children. Her parents are peasant farmers. Her parents are both HIV POSITIVE and thus she too has poor health because her parents cannot work hard to support her so that she can get a balanced diet. Faith joined this school in 2016. Faith is a hard worker and she achieves 400 and above marks out of the possible 500 marks. Faith's family faces a lot of financial problems and thus cannot support her in school as required.

There are hundreds of children like Faith that desperately need your sponsorship. For only \$25 per month you can make a difference in the life of a precious child.

**To those of you that sponsor a child through Touch the World Ministries,
Thank you so much for making a difference in a child's life!**

"Therefore pray the Lord of the harvest to send out laborers into his harvest."

Matthew 9:38
